LEADER you are researching: _____

COUNTRY from which they come: _____

Date born and location: _____

Date died and location: _____

This space is for your notes on the early life of your leader. Take notes on your leader's childhood and upbringing. Include information about their education as well as information about how they rose to power. (Remember you will be writing a paper about leadership, so focus on details of their early life that may shape their later life as leaders.)

What years was your leader in power? Explain why she/he left their leadership role? (Death, end of term, forced out, etc.)

What big things did your leader do while in power? **These are your leader's positive accomplishments and/or big failures. You can separate them into positive and negative accomplishments, if you want. Take notes on each accomplishment. How was it done? This should be the bulk of your notes. Be sure your notes are organized!!**

What did people in the country think of your person as a leader? Did the people like her/him or was your leader disliked? What evidence do you have for this answer?

What leadership characteristics did your leader possess? (brave, intelligent, good communicator, fair, cooperative, etc.) Give example of times your leader demonstrated these characteristics.

Do you feel this person was a good leader? Why or why not? Remember to give specific evidence to support your opinion.
